Passcode: 8Pi!BU#&

Steve called the meeting to order and introduced those present.

Steve read the complaint of alleged open meeting law violation in its entirety. Jerry made a motion that no violation occurred, seconded by Rick. Some discussion followed. Our recording, which is available with the link above, sounds clear when being watched. The only time it was not clear was when Barry put his hands over his two masks to muffle the sound. Denise was on her computer in her office and the voice recording was very clear on her desk top. The motion passed on a voice vote.

Voted to adjourn at 7:40AM.
